By the breaking apart of a freight  
train near Sutton last Friday evening  
the night trains both ways were de-  
layed several hours. The trains going  
south did not leave here until 4:30 p. m.,  
which made it tiresome waiting for the  
festival soloists and orchestra that re-  
turned to their city homes that night.

Southwestern Division of the Baltimore  
& Ohio railroad in 1897 at Omaha, Ill.,  
but the railroad company ignored his  
complaint and demand for damages un-  
til some time ago, Mr. May brought a  
suit against the company in county  
court and attached a freight car of the  
railroad in the St. Johnsbury yard. Pos-  
session of the car was regained by re-  
plevin and trial of the replevin suit will  
occur in the United States circuit court  
at Windsor this week.

are invited to take seats on the platform.  
Remembering the kindness of the chil-  
dren and others in contributing evergreen,  
cut flowers, apple blossoms, etc., with  
which to decorate the graves of our fallen  
comrades a continuance of these favors  
is desired and members of the W. R. C.  
will be at G. A. R. Hall before 9 o'clock  
on Memorial Day, to receive such favors.

A detail of comrades has been appointed  
to visit the schools of the town Monday,  
as follows: First, 2nd and 3d grades on  
Summer street, George R. Crosby; 3d  
and 4th grades, Capt. P. D. Blodgett;

The graves of comrades will be deco-  
rated by a detail from Chamberlin Post,  
and the usual line of march to Mt. Pleas-  
ant cemetery will be omitted.  
In the evening a local talent concert  
will be given in Music Hall. Admission  
will be free, but a collection is to be taken  
to defray the expenses of mounting the  
cannons to be placed near the soldier's  
monument.

### Fat Men and Lean Men.

The great event of the season in  
the line of sports will occur at the  
campus next Saturday afternoon at 2  
o'clock. The corpulent fraternity of the  
town, in which are represented some of  
our most distinguished citizens will at-  
tempt to demonstrate their ability to  
handle a base ball and run bases with  
the none less distinguished neighbors  
who are conspicuous among other rea-  
sons for their lack of rotundity.

The objects of the game are not simply  
to demonstrate skill but to exhibit the  
individuals of the teams in base ball cos-  
tume and for general purposes of fun.  
Then the proceeds are to go to a worthy  
charity, Sunset Home.

The comparison between the fat and  
the lean teams is suggested by the figures  
4000 and 1845½; the former represents  
the number of pounds in the fat team,  
the latter the number of pounds in  
weight which will be brought upon the  
campus by their opponents.

If you want to add to your days the  
years that spring from a hearty laugh, if  
you want to forget your cares and trou-  
bles and see what a difference there is  
in men on the ball ground in appear-  
ance and accomplishments, be sure and  
go to the Fat and Lean Men's game,  
Saturday afternoon.

### Church Officials Received.

Rev. G. W. Hunt and family gave a  
reception at the parsonage on Central  
street Tuesday evening to the official  
members of Grace Methodist church,  
with their wives, together with the  
church choir. The evening was spent  
socially with music from the quartette,  
solos by members of the quartette and a  
piano duet by the Misses Hunt. Words  
of greeting and encouragement were  
spoken by the pastor and members of  
the official board and after light refresh-  
ments were served the company went  
home feeling that they not only had  
spent an enjoyable evening but that, as  
officials of the church they had been per-  
mitted to come into a closer acquaint-  
ance with the pastor and family, and  
that as co-workers with him they would,  
because of this closer acquaintance, be  
better able to work unitedly not only for  
the interest of Grace Methodist church  
but for the cause of righteousness in the  
community.

### A NOTABLE SUCCESS.

The Musical Festival under the Auspices  
of the Choral Union.—Brilliant  
Work of all the Participants and En-  
joyable Matinees and Concerts.

The festival of 1899 will be long re-  
membered as the most brilliant and  
successful musical event that has ever  
been given in St. Johnsbury. We might  
well go farther and truly say that noth-  
ing outside the larger cities of New Eng-  
land has ever been rendered with more  
enthusiasm and finish than Mendel-  
sohn's "Hymn of Praise" and Doni-  
zetti's opera "Lucia di Lammermoor."

That splendid chorus leader, Prof.  
Blaisdell of Concord, was especially for-  
tunate in the power and expression of  
his choruses. The choruses numbered about  
125 and included besides the local singers,  
many of whom had been under his train-  
ing for several years past, many good  
singers from other towns and cities.  
The choruses have worked faithfully through  
the winter and they were amply repaid  
for their efforts at the festival where they  
won the deserving praise of their enthu-  
siastic audiences.

"The Hymn of Praise," written in  
1840 to commemorate the 400th anni-  
versary of the invention of printing, was  
the oratorio work of the festival. Many  
critics are inclined to pronounce it Men-  
delsohn's greatest work and it is rarely  
given by choral societies. It is what its  
name indicates—a tribute of praise,—  
full of vigorous passages and triumphant  
melodies. This was given as the second  
part of Thursday's concert and both  
soloists and chorus did most excellent  
work. The soloists were Miss S. Marcia  
Craft of Boston and Mr. E. C. Towne of  
New York. One of the gems of the whole  
piece was the duet, "I waited for the  
Lord," which was beautifully sung by  
Miss Craft and Miss Ethel Abbott of St.  
Johnsbury. Miss Abbott received at the  
close hearty congratulations on the suc-  
cess of her part.

The feature of Thursday's matinee was  
the chorus singing by the school children.  
This was an innovation in a musical  
festival and attracted the largest audi-  
ence of the week. There were nearly 300  
in the chorus and the three sections were  
given with precision and much  
finish. Prof. Pickels, teacher of music in  
the schools, conducted this part of the  
programme and deserves great credit for  
the musical development of his pupils  
whom he has instructed for only six  
months.

On the same afternoon Miss H. Julia  
Cross of Montpelier sang Gounod's  
"Repentance" with much expression.  
Her voice shows a wide range and be-  
sides favoring the audience with a song  
she was a great help in all the choruses.  
Harry H. May, now of West Concord,  
sang on Friday afternoon "Toreador,  
Holla," by Trovatore, with full orchestral  
accompaniment and was enthusiastically  
recalled after an excellent rendition of  
this stirring song.

The three soloists, Miss Craft, of  
Boston and Mr. Towne and Mr. Duft of  
New York were very generous in their  
songs at both matinees and Thursday  
evening. All are favorite singers in St.  
Johnsbury having appeared in former  
festivals.

Miss Craft charmed her audience with  
every selection, but those of special merit  
were "Cry aloud! Spare not!" from  
"Isaiah," the "Jewel Song" from Faust  
and "The Swallows" by Cowen.

Mr. Towne has a very sympathetic  
voice and all his songs were artistically  
rendered. His solo work with the chorus  
in the "Flight into Egypt," and the  
"Feast of Adonis" was highly appreciated.

Mr. Duft sang with great spirit "Wave  
from wave" from "Israel in Egypt," and  
Massenet's "Vision Fair," and one of the  
gems of the festival was the duet "Cruci-  
fix" by Faure, grandly rendered by  
Messrs. Towne and Duft.

Blaisdell's orchestra was a great ad-  
dition to each day's programme and the  
selections played showed the delicacy  
and skill of each of the performers. On  
Thursday evening Mr. B. Frank Harris  
accompanied the orchestra at the piano  
in De Kontski's "Awakening of the  
Lion," which is always a universal  
favorite. Mr. Harris also acceptably ac-  
companied the soloists in their songs,  
and Miss Margaret Gorham, who has  
played for the chorus during the winter,  
contributed much during the week to  
the success of the performances and by  
her perfect accompaniment.

The festival ended Friday evening,  
with the singing of the opera "Lucia di  
Lammermoor," with full chorus, orches-  
tra and soloists. Mrs. P. F. Hazen and  
Mr. May were added to the soloists from  
abroad, and W. B. Lance of Cabot sang  
in the famous sextette.

The production of this great opera  
was a fitting finale to a great musical  
week. The audience were appreciative  
and the soloists were at their best. This  
was the personnel of the opera:  
Lord Henry Ashton, Baritone. Dr. Duft  
Miss Lucia, his sister, Soprano. Miss Craft  
Sir Edgar of Ravenswood, Tenor. Mr. Towne  
Lord Arthur Bucklaw, Tenor. Mr. Lance  
Almeida Bident, a tutor, Bass. Mr. May  
Almeida, companion to Lucia, Mezzo Soprano.  
Norman, Captain of the Guard, Tenor.  
Mr. Towne

Miss Craft delighted all with her sweet  
voice and Mrs. Hazen's work was up to  
her usual high standard of solo singing  
and full of power. The opera abounded

in richness of melody and dramatic ex-  
pression and the chorus did superb work.  
The audience were enthusiastic over the  
work of the chorus and they received an  
encore after their second appearance in  
the opera. The climax of the opera was  
well worked up and very effective and it  
will be many a year before St. Johnsbury's  
music loving people hear their  
singers do better work.

A reception was tendered to the artists,  
members of the chorus and invited friends  
at the St. Johnsbury House at the close  
of the concert Thursday evening. Ice  
cream and cake were served.

While the festival was not a financial  
success we regard it as an education to  
hear such music and an inspiration as  
well. The members of the Choral Union  
and all the participants in the festival  
have the satisfaction of knowing that  
they have given the people of this town  
the highest and best class of music they  
have ever heard.

### Death of Mr. Savage.

Further particulars have been received  
concerning the death of Rev. C. A. Sav-  
age of Orange, N. J., whose death was  
chronicled last week. For several  
months he had been a continual sufferer  
from acute nervous indigestion and  
within a week before he died his disease  
assumed a serious nature and ultimately  
caused his death. Of his work in Orange  
the Journal of that city speaks appreci-  
atively as follows:

"Mr. Savage was the fourth pastor of  
the Valley church since its organization  
in 1890, succeeding the Rev. Dr. J. E.  
Rankin, who resigned to become presi-  
dent of Howard University, Washing-  
ton. His pastorate has been remarka-  
bly successful. The benevolences of the  
church have been large, while the spiri-  
tual growth has also been marked. Dur-  
ing Mr. Savage's nine years as pastor  
there have been 119 added to the church  
membership which now numbers 293.  
"While a resident of California, Mr.  
Savage married Miss Mary F. Fiske,  
daughter of the Rev. Dr. D. T. Fiske of  
Newburyport, Mass., who survives him  
with two children, a son and a daughter,  
the former aged 16 and the latter 10  
years.

"Mr. Savage was a member of the New  
England Society, the Pastor's Club of  
Newark, the Congregational Club of New  
York, one of the advisory board of the  
Woman's Christian Temperance Union  
and a director of the Orange Valley So-  
cial Settlement. His interest in all mat-  
ters tending for the improvement of the  
community was great. In the Congrega-  
tional church he had been moderator  
of the association to which his church  
belonged and had taken an active part  
in the work of the organization. He was  
also actively interested in the work of  
the Young People's Society of Christian  
Endeavor, having been the first president  
of the Orange Union and after declining  
re-election he had been a friendly coun-  
selor and adviser regarding its affairs.

"Personally Mr. Savage was the most  
genial of men, and his industry in church  
work was remarkable. Notwithstanding  
the condition of his health he worked  
indefatigably in every department of the  
church's activities and his loss will be  
felt in the community."

### The St. Johnsbury Band.

This local organization in which every-  
body takes a just pride are desirous of  
securing funds to procure new uniforms  
and they certainly ought to be encour-  
aged to do it. Instead of passing around  
a subscription paper they are talking of  
interesting local singers in an opera to  
be given here the last of June. From the  
proceeds of the concert they hope to se-  
cure funds enough to buy their regalia.  
The band now numbers 23 pieces, they  
have been practicing faithfully through  
the winter and will appear for the first  
time this season at the ball game next  
Saturday afternoon. They will play at  
the exercises at Music Hall on Memorial  
Day and also at the races on the Fourth  
of July. They expect to begin their popu-  
lar outdoor concerts early in June.

### A Folder for Sportsmen.

"Fishing and Shooting in Quebec" is  
the title of an attractive folder just  
issued by the Canadian Pacific railway.  
It is a booklet of 32 pages profusely illus-  
trated with pictures of the fish and game  
found in this province and is compiled  
from information furnished by N. E.  
Cormier, superintendent of fisheries and  
game at Avimer. Each river is separate-  
ly treated and a mass of facts given that  
will be especially helpful to the sports-  
man. As a supplementary folder the  
same railway has issued a large map of  
Canada giving the names of the fish and  
game that may be found in every locality  
in Canada. A copy of either of these  
folders may be obtained of H. J. Colvin,  
197 Washington St., Boston, or of any  
agent of the company.

### War of Extermination.

The village authorities are conducting  
a very vigorous campaign against the  
caterpillars which are infesting the trees.  
The old "Deluge" hand pump fire engine  
has been brought into service, recalling  
the days a quarter of a century ago,  
when Col. Franklin Fairbanks, from the  
top of the engine, counted the caterpillars  
directed the men who operated the pump  
and handled the hose at fires. A solu-  
tion of Paris green and other ingredients  
calculated to produce dire effect as arti-  
cles of caterpillar diet is being used to  
spray the trees. The pests are still to be  
seen in great numbers, but are not likely  
to thrive long under such treatment.

### East St. Johnsbury.

Miss Mary Patterson of New York  
city is visiting at J. H. Clark's.  
Z. A. Luce of Hardwick is in the vil-  
lage looking for a tenement. Mr. and  
Mrs. Luce formerly lived in this village  
and all will be glad to welcome them  
back.

### Cost of the Viaduct.

An expert estimate of the expense to be  
involved in the construction of the pro-  
posed Sumnerville viaduct has been cal-  
culated for from several quarters.

Frank O. Sinclair of the Pittsburg  
Bridge Company was in town last week  
Wednesday and Thursday and reports  
the results of the calculation of expense  
as figured by his firm. The figures given  
represent the amounts respectively for  
which the Pittsburg Bridge Company  
will contract to construct an iron bridge  
as specified.

The bridge proposed would run prac-  
tically straight from Railroad street to a  
point on Portland street a little west of  
Farnham and Albee's store. It would  
be 32 feet wide with drive way and  
8-foot sidewalk on one side and three  
iron railings—one on each side and one  
between the walk and driveway. Near  
the base of the grade at either terminal a  
wall of masonry would be constructed  
and the remaining space at the ends  
filled. An iron spur would run from the  
bridge to St. Mary street at a grade not  
greater than at present from the Pas-  
sumpsic division railroad crossing to  
Railroad street. The bridge would be  
guaranteed to hold a load of 20 tons at  
any point.

If the present abutments of the Pas-  
sumpsic river bridge were used and Mr.  
Sinclair thinks they are fully adequate  
to the purpose the total cost would be  
\$27,500. If the old abutments were not  
used, but instead piles were driven and  
new abutments erected the cost would be  
\$7,500. The expense would be reduced  
\$2,500 by omitting the spur at St.  
Mary's street.

These figures are not large when the  
value, safety and convenience of the  
bridge are taken into consideration.  
The simple fact that the great dangers  
of two blind railroad crossings over  
which trains, teams and pedestrians are  
constantly crossing would be avoided is  
argument enough on the desirability of  
such a bridge.

A petition has been sent into the se-  
lectmen for a special town meeting to see  
what action the town is willing to take  
in regard to the matter.

### Caledonia County Conference.

The 65th annual meeting of Caledonia  
County Conference of Congregational  
churches was held at the South church  
Tuesday and was well attended by dele-  
gates from the various churches. A  
most helpful sermon from the text John  
19: 41 was preached by Rev. J. K. Wil-  
liams of Peacham. At the Woman's  
Missionary hour a letter was read from  
Mrs. Hubbard of Turkey referring in a  
touching manner to Mr. Hubbard's  
recent death. Mrs. Mackinnon, assist-  
ant treasurer of the W. H. M. U., gave a  
report of the treasury, and Miss Jennie  
Gale spoke of her work in Brownington  
where she has been for the last six  
months. Mrs. G. W. Patterson gave an  
animated talk on junior work, illus-  
trated by many charts and photographs.  
The reports of the churches showed an  
encouraging outlook, many of them  
having added new members during the  
year.

Rev. H. R. Titus' address on "Personal  
Touch and Service" followed by J. R.  
Boardman on "Co-Working of the  
Spirit" were listened to with much at-  
tention. The ladies of the South church  
served a bountiful collation at the noon  
hour.

The evening address on "The Situation  
in Japan" was given by Rev. J. H. Pettie  
of Okayama.
